Ryan S. Fogle

615 S Wright St, Champaign, IL 61820 Apt. 708 • (309) 310-7926 • rsfogle2@illinois.edu • www.Ryan-Fogle.com

EDUCATION

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

Bachelor of Science in Agricultural Engineering

Concentration in Off-Road Machinery

Dean's List

ILLINOIS CENTRAL COLLEGE | EAST PEORIA

Engineering Undergraduate

Dean's List

GPA: 3.89/4.0 2015-2018

GPA: 3.83/4.0

May 2021

EXPERIENCE

CATERPILLAR

Champaign, IL

Data Analytics Intern, Machine IoT

March 2020 - Present

- Revised a REST application programming interface on a Flask framework.
- Implemented Python to parallel process and search the contents of 80,000 files to measure data quality.
- Created a parser with regular expressions to create conditional arguments for analyses.
- Created, updated, and maintained tables in a MySQL database.
- Aided with onboarding and coaching of summer interns.

CATERPILLAR Champaign, IL

Parallel Co-op Engineer, Remanufacturing

May 2019 – March 2020

- Designed multiple new fuel filter iterations for an injector to service it for a longer lifetime.
- Worked with remanufacturing engineers to devise new salvage processes.
- Developed and implemented Python scripts for data analytics.
- Created new database collection scheme for injector test data saving engineers an hour a day in data entry.

CATERPILLAR Mossville, IL

Student Trainee, Control Systems

May 2018 – May 2019

- Applied new data management techniques through simplifying an 18,000 rowed database table to a 200 rowed table.
- Developed an in-depth Python algorithm for flash file compilation and compression.
- Implemented both back-end and front-end programming by creating graphical user interfaces.
- Maintained schedules for multiple programming projects.

ILLINOIS CENTRAL COLLEGE

East Peoria, IL

Mathematics/Physics/Computer Science Tutor

August 2017 – December 2018

- Coached students how to take limits, integrals, and derivatives.
- Taught students the importance of object-oriented programming.
- Tutored students in Calculus III, calculus-based Physics, and Java.

TECHNICAL SKILLS

Applications: Inventor, Creo, Git, Matlab, MySQL, and MS Office

Programming Languages: Python, SQL, Java, JavaScript, and Visual Basic

Other Misc. Languages: HTML, CSS, JSON, and YAML

HONORS and LEADERSHIP

Bauling/Pershing Memorial Award Recipient

2019-2020

• Illinois Central College Computer Science Club President and Founder

2018
